

# **Motor Carriers Urge TeamCME for More Drug Testing Clinics!**

**Drug & Alcohol Testing are Symbiotic with DOT Medical Exams.**

The importance of offering CDL physicals, alcohol and drug testing under one roof is fundamental to establishing Nationwide Accounts!

The most common reason we hear for a medical examiner not performing these tests is that they don't have a separate toilet to use.

**Well guess what - Any Restroom will do!**

**TeamCME Initiates Motor Carrier Drug/Alcohol Clinic Campaign!**

**Save \$75 per course!**

**Training Courses are Online, On-Demand!**

**Performed by office staff, this service increases revenue and provides a convenience for motor carriers.**

# Provide DOT Drug Testing

Drivers with a CDL License are required to be in a drug testing program and each year 50% of drivers are randomly drug tested. This includes pre-employment, post-accident and other instances.

## Qualification Training

3-hour video with review test at the end that can be taken multiple times. A passing score of 90% is required.

## Proficiency Demonstration

Live Skype video conference which lasts about 90 minutes. Must be completed within 30 days of finishing qualification training.

**Cost:** ~~\$195~~ \$120

# Become a DOT Breath Alcohol Technician (BAT)

Breath Alcohol Testing is required annually for 10% of drivers with a CDL, post-accident, reasonable suspicion, and other alcohol testing regulations. Perform testing for Non-DOT regulated businesses that conduct testing on their employees.

Upon completion of "Qualification" course, a "Proficiency Demonstration" must be completed within 30 days through Skype video conference.
