Mock Test Scenarios:

1. Positive screening test with a negative confirmation test

2. Negative manual override (screening test)

3. Positive screening with a positive confirmation test

4. Positive screening test and refusal to perform the confirmation test

5. Negative screening test

6. Refusal to test

7. Subject arrives 1 hour late for random test

8. Positive screening test and positive confirmation with a refusal to sign the ATF

**Please study and know these scenarios. DOT requires that you complete 7 consecutive error-free mock collections.
